## Creative Minds Playing at Work

The **Abenteuer Afrika** team is made up of many very special people who are committed to our motto: **Creative Minds Playing at Work**.

Throughout the year, the Abenteuer team tests, tastes, tries, passes, fails, brainstorms, rejects, enthuses, downgrades, enjoys, plays and works at grading accommodation, activities, venues and services, so that we can learn what best helps our visitors achieve their goals.

We want to excite your SIX senses: the five physical and then the three of pleasure, fun, and excitement. Herein some photographs of our "Creative Minds Playing at Work"!
